ABOUT US

Nutech Office System was established in 2007 as an extension of hobby of furniture crafting. Over the past 8 years Nutech Office System has steadily grown to become one of Eastern Region's leading and finest manufacturers of quality furniture. From 2014 onwards Nutech Office System had been converted as M/S Nutech Office System Pvt Ltd .

Our furniture, though rugged in construction, is distinctive in its simplicity of design and high aesthetic value. Versatile and flexible, it is suitable in every physical situation, whether installed in office buildings, residence, commercial places and factories or on plant floors. It is designed to provide a safe and productive work place.

We make all types of furniture on modular. We are specialized in workstation making along with Full Height Modular Partitions. In corporate sector we provide furniture for ITC, L&T, Tata Steel, Idea and Vodafone etc. In banking sector we provide furniture SBI, OBC, Central Bank, UCO Bank, Canara Bank, ICICI Bank etc. We also provide full partition and workstation to Govt and PSU like, WEBEL, CNLU, LIC etc.

It is a nice privilege to introduce us as a premier manufacturer of modular furniture & partition in all over India nearly 8 years in interior design. Our field of activities includes mechanized manufacturing to create products of consistency, with quicker delivery period. We have done the projects of various multinational banks, national banks, Govt. houses, shopping complex, educational institute, almost all-premier business houses and corporate offices.

We have 15000.00sq feet fully automatic factory at Mahestala, Kolkata. We have our own vehicles to transport the furniture with great care. Presently we have the corporate office at Kolkata.

Our office is fully automated and we are using AUTO-CAD 2005, 3D STUDIO MAX, PHOTOSHOP, PHOTO EDIT, and AUTO PROJECT. We have almost one hundred and Fifty complete sites which you get the complete information if you kindly visit our web site, www.nutechofficesystem.in. If you need another things please contact the above phone no so that we can meet you and present a demo to you.

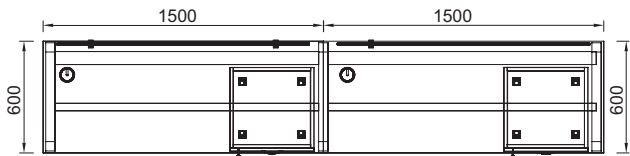

Qualified engineers control and supervise all aspects of production. Delivery schedules are strictly adhered to, with the assurance of a quality product on time. Installation is speedy, and is carried out with minimum disruption to the work schedule.

Nutech Office System furniture is installed all over the Eastern Region, through branch offices in Patna, Ranchi, Bubenewar.

Featuring a deconstructed look and an intelligent design, the Vivo 70-120 sharing workstation has 3 workstations, separated by 70-120mm thick dual use cabin separators, that add to the aesthetics without compromise on style.

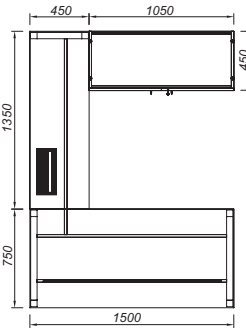

Crystal

Simple in design, yet sleek and modern in look, the Crystal workstation packs a powerful punch. This manager's table is equipped with a low leg privacy screen and handy storage cabinet that beautifully combines function and style.

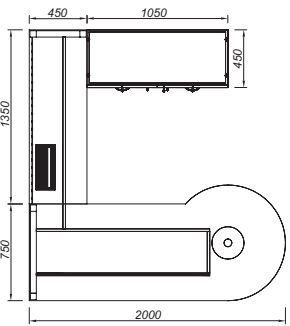

Impact

The Impact Workstation is a table in engineered wood, epitomizing strength, dependability and work ethics. Designed to create a lasting impact, this is perfect for open plan offices since it provides plenty of work space and adequate storage too.

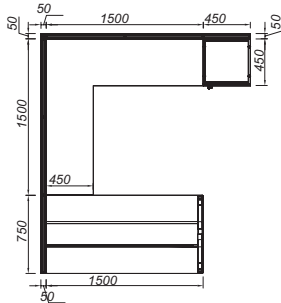

Crescent

A unique design that encourages work and a creative exchange of ideas, this Crescent manager's table features a round table at one end for team meetings and discussions. Ample storage makes this space versatile.

Chris

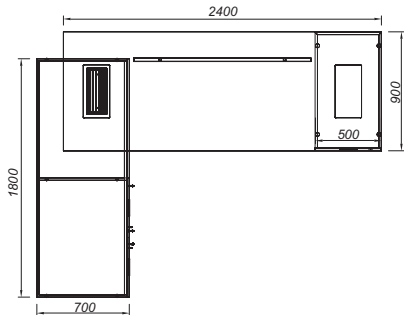

The Chris table replicates a manager's cabin, affording complete privacy with floor to table 50mm dual use partition that screens out distractions, while maintaining solitude. It also affords plenty of storage for files and other office supplies.

Inspiration

A deconstructed table designed formally, Inspiration is crafted for MD's & CEO's who manage work and offices effortlessly. Made for open plan work spaces, this table is inviting yet serious, sparking ideas and endless creativity.

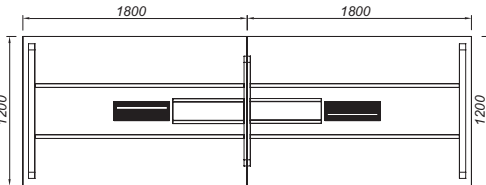

Liberty

Simple, straight and sturdy; these three words encapsulates the Liberty desk. This boardroom table in raw wood finish, exudes strength, encourages exchange of ideas and invites people to celebrate a team.

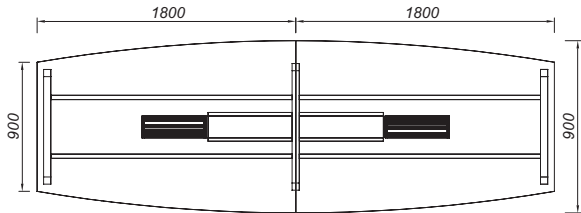

Yuva

Clean lines, sleek looks and an all-white finish give this Yuva desk a youthful vibe and encourages spontaneity and sharing of ideas. The expansive table makes seating easy and work flow smoothly.

Bliss

Youthful, energetic and expansive, Bliss takes the stress out of work and injects it with a playful vibe. Featuring a curved design and convenient cable separators, the worktable is a perfect addition to modern open plan workspaces.

Conference Table

Our comprehensive range of meeting tables is available in different sizes, designs and finishes. We are also able to customize our meeting table in this area as per specification of our clients. Further our range of meeting tables are designed keeping in mind the space of the office area.

Most of the today's offices have the video conference system. This typical shape is suited for the modern VLC system where everyone can see others along with front opening.

These are not only provide the comfort but also have all modern facilities like complete wire manager to provide electricity and LAN connection to laptop or OHP or even for video conference system. Modern "POP UP" boxes can also easily install here.

Chairs

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like).

Executive Table

Modern, Executive Office Desks, designed with grand,essence and style, will transform or revitalize any workplace. For years, An executive office furniture has been dominated by the traditional, square shape and style desk. Addressing this standard, one will notice that until recently, generally speaking, offices all over the Country are nearly indistinguishable. It's time to definitively "break the mold" and infuse modern, inspirational trends into the culture of today's hard working executives and reveal to them the distinguished, contemporary-style executive office furniture they deserve.

We're certain you'll feel and perform more confidently behind our ergonomically and artistically-crafted executive office desks. Be sure to check out our modern, professional desks suitable for contemporary home offices and professional businesses alike, including for example, law offices, medical offices and real estate offices. We have just the affordable, modern, designer desk in order to upgrade or update your professional, executive office desk set-up.

Modular Reception Desk

Our contemporary front desks are designed in a wide variety of shapes and sizes, including circular, rectangular, curved, L-shaped, U-shaped, C-shaped, as well as unique, custom shaped. Our large selection of materials including real wood veneer, painted MDF (in satin or high gloss lacquer finish), melamine, tempered glass, and chrome steel/ stainless steel/ aluminum. This variety enables Executive Desk Company to meet your style preferences and serve your receptionist's unique requirements.

Cafeteria Furniture

This is an internal part of a modern office where people spend little time but which requires highest comfort. Cafeteria is now considered as the break out area from the long office hour.

Educational Furniture

We have developed the Educational furniture with the concept that it should be very rigid and durable. For this reason the basic structure will be CRCA pipe with sometimes instead of using the Engineering board we use the BWR ply with laminate. For the lab the top surface will be Granite .While the entire concept can be converted with the CRCA instead of Board.

LABORATORY FURNITURE

Book Storage

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English.

Office Furniture

Nutech's Custom Workstations can be constructed from a wide variety of coloured desktop, allowing for an extremely durable work surface. Most modern workstations have privacy screens built in, and are made from either fabric or tempered glass. Our custom workstations are highly adaptable and can configure to fit even the most unique office arrangements. So don't hesitate to ask for special desktop materials not listed.

Nutech Workstations are custom made to your exact specifications. Lead time is 4-5 weeks. You can contact us if you have any questions about executive workstations.

Workstation

Modern workstations can arguably be considered the most strategic and cost-effective office set-up options for small businesses. Workstations, accommodating two, four, six or even more employees, take up significantly less space and are a fraction of the cost compared to that of office cubicles. Additionally, contemporary, multiple-user desks provide a very appealing open concept feature that facilitates ease and transparency when it comes to colleague communication, collaboration and instant access to peer to peer consultations. Learn more about our various modern workstation models and all the productive features they can contribute towards the success of your office operations

Modular Full height partitions

These are the classic full height Partitions with different elevation and different finishes. The door can be fitted with floor spring, hinges and pivot. Two different finishes can be used on either side. This is totally free standing, hassle free can be changed, shifted easily.

Modular Bed
